OFFICE OF THE SECRETARY

PETITION FOR RULEMAKING

Wolverine Broadcasting ("Wolverine"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 274A to the community of Centerville, Texas, as follows:

City	Present	Proposed
Centerville, Texas	290C3	274A, 290C3

1. As indicated in the attached FM Allocation Study (attached hereto as Exhibit 1), Channel 274A can be assigned to Centerville in complete compliance with the Commission's distance separation requirements as contained in 47 CFR §73.207. The reference coordinates: 31-17-00 N 95-53-0 W will show the 70dbu (city grade contour) entirely encompassing the city of Centerville, Texas. Moreover, there is a wide area available for placing an appropriate transmitter.

2. Centerville is a city located in Leon County, Texas. It is the county seat of Leon County. According to the 1990 Census, Centerville has a population of 812 persons. At present, the community is receiving community service from only one other FM service. Therefore, the public interest will be served by the assignment of Channel 274A to Centerville, Texas.

3. If the Commission assigns Channel 274A to Centerville, Texas, Wolverine will apply for a construction permit and will construct a new facility upon award of that permit.

WHEREFORE, in accordance with the above, Wolverine Broadcasting respectfully requests that Channel 274A be assigned to Centerville, Texas.
